

# iSTAR

GPS/GSM Portable Real Time Tracking Device

## TRACKING ON YOUR FINGERTIP

iSTAR offers you total control and real-time location information via a Google Map link to your 3G phone. There is only one SMS cost for each operation and no monthly fee is required. Moreover, a pre-paid GSM SIM card is available. iSTAR can be your cost effective solution in vehicle security, children and elders protection, and pets or valuable asset tracking.
